# Ultratile on Park Homes

Park home manufactures have used the Britmet Tileform Ultratile for its great appearance, Ultratile offers the park home manufactures great speed of installation, 5 times quicker than traditional materials, with only 1/7 the weight, generating less load onto the existing roof structure and the park home frame. and is a cost-effective solution.

Many thousands of park homes have been fitted the Britmet Tileform Ultratile roof system. Manufactured in Britain at our West Midlands based factory, The factory holds large stocks of the Ultratile which allows for fast delivery times and same day collections. The Britmet Tileform Ultratile is available in 7 colours to compliment any park home, with only 2.18 tiles per m<sup>2</sup> and is BBA approved to 10 degrees.

The Ultratile profile is a strong, beautiful and secure lightweight roofing system. Making it the perfect choice for park homes.
